

Introduction

2022 Improving Wellbeing Round

The Tasmanian Community Fund recognises improved wellbeing as safe, connected, vibrant, healthy and positive communities.

The Tasmanian Community Fund is calling for expressions of interest (\$100 000 to \$500 000 over the life of the project) for a range of **collaborative** and **sustainable** projects that improve the wellbeing of Tasmanians in one or more of the following areas:

- improving mental health/wellbeing outcomes;
- reducing violence including bullying;
- increasing educational engagement and attainment;
- enhancing preventable health outcomes;
- reducing homelessness;
- increasing community connection;
- reducing social isolation;
- diverting from the justice system;
- addressing addictive behaviours.

Eligible applicants: Not-for-profit organisations proposing to undertake a project in Tasmania and who can provide, through their own or another parties resources, 10% of the amount being sought from the Tasmanian Community Fund as cash contribution towards the project.

The cash contribution must be for items attributable to the project's implementation and must not include on-going operational costs or in-kind amounts.

Application process: This will be a two stage application process. Applicants that move through to Stage 2 will have to provide a strong business case that demonstrates value for money, sustainability and short, medium and long-term improved wellbeing outcomes.

Project funding is available for:

- a maximum of five years;
- projects that are tailored for the Tasmanian community;
- programs, including pilot programs;
- evaluation of the methodology being delivered.

Funding is not available for:

- feasibility studies;
- duplication of existing services;
- infrastructure (more than 20% of the requested amount);
- projects that can be more suitably funded by another organisation;
- projects that do not include collaboration and partnerships or a clear articulation as to why this is not possible.

Partner Funding

2022 Improving Wellbeing

Form Preview

From time to time the Tasmanian Community Fund enters into an agreement with another funding body (a partner funder) to provide funding from that body to projects that apply through the TCF application process. This decreases the administrative burden on the partner funder and allows the TCF to distribute its available funding to more projects.

The TCF will only enter into agreements with partner funders whose values align with those of TCF.

The applicant will always have the option of refusing any proposed funding from the partner funder. To ensure this is possible, the TCF will assess the application on its merits without taking into consideration any decision by the partner funder.

In order to consider funding, partner funders need to be able to access TCF applications to consider their merits against their funding criteria. The TCF recognises that the information provided in applications is confidential, and where permission to provide information to the partner funder is provided, the TCF will provide access to the application on the basis that the information contained will be treated in the strictest confidence.

If permission is not granted, the TCF will not provide access to the application.

Do you provide the Tasmanian Community Fund with permission to provide your application and contact information to a partner funder for them to determine if they will provide funding to support your project?

*

Yes

No

The Tasmanian Community Fund will still assess your application on its merits for the full amount.

Agreement:

The applicant agrees to provide further information if requested by the Tasmanian Community Fund Board.

If a grant application is approved, the organisation (and sponsor, where applicable) agrees to the following conditions:

1. Use the grant only for the purpose for which it was given.
2. Provide information on any changes to the information contained in the application or to circumstances that are likely to affect the outcomes of the project to the Tasmanian Community Fund.
3. Meet any special conditions that are attached to the grant.
4. Provide reports by the due date, signed by an auditor if required under the deed.
5. Seek prior written approval for any changes to the project, completion date, or to the budget.
6. Return unexpended funds and/or funds spent on unapproved items.
7. Give appropriate acknowledgement of funding by the TCF.

8. Return the grant if the project is not undertaken in accordance with the formal deed.

Full conditions are set out in the grant deed.

Declaration:

- I confirm that all the information provided in this application, including the attachments, is current and correct.
